

4th Warsaw Seminar on Underwater Archaeology

18th–20th November 2021, Warsaw

We are pleased to invite you to the **4th Warsaw Seminar on Underwater Archaeology**. The conference will take place on 18th–20th November 2021 at the University of Warsaw (Krakowskie Przedmieście 26/28).

The candidates are welcome to propose the presentations within the following sessions:

1. Approach, Method, Law – Best Practice for Underwater Research
2. On the Borderline: Waterfront Archaeology Worldwide
3. Water for Living – Great Architectural Enterprises and Simple Facilities
4. Sacrificial Sites in Waterbodies and Wetlands
5. Crossing and Passing: Archaeology of Fords and Bridges
6. Ships and Boats. Excavation, Preservation, Experiment, Reconstruction
7. Sea and Riverine Trade Routes
8. New Discoveries and Interpretations

The official language of the conference is English.

The maximum length of presentation is 20 minutes.

Proposals for posters are also welcome.

Apply via Google Form: <https://forms.gle/cLtBLqSRAox7BEHz8> until the **30th of April 2021**.

Please note that the listeners also have to register if they want to participate in all accompanying events.

The conference fee is 30 Euro.

The reduced conference fee is 20 Euro (students and listeners).

You will be asked to pay the fee after the application is accepted.

Feedback with further data will be sent after the application is received and assessed by the Scientific Committee.

Further information concerning the 4th Seminar will be available at:

<http://underwaterexpedition.uw.edu.pl/seminar/4th/>.

Please note, that we provide the possibility to publish the conference paper in *Archaeology: Just Add Water*, “Światowit” Suppl. Series “U”, vol. III. The deadline for article submissions is the 31 of May 2021.

Editorial guidelines are available at
